It gives me great pleasure to acknowledge Ahmed and Ahsan's efforts for developing Android application for TCF Alumni.

Only core requirement were given by the teams and from there, both of them took full ownership of the app development.

Their dedication, problem-solving, and ability to translate our vision into working product have been truly impressive.

The app will now serve as proof of concept (PoC) for our Alumni portal. We are excited to pilot it with our Alumni.

I look forward to seeing the positive impact of the work in the near future.

I hereby certify that I supervised Ahmed Ali and Ahsan Azam for the Khidmat described in this report. Furthermore, that I have read and agree with the weekly updates included in this report. My signature below marks the successful completion of the work undertaken for the Khidmat.
